Stormwater Training Program

* * *

Sailer Environmental is pleased to announce a new training program for our clients subject to the Connecticut *General Permit for the Discharge of Stormwater Associated with Industrial Activity*, effective October 1, 2011. You have your Stormwater Pollution Prevention Plan, now it's time to learn how to use it!

Stormwater General Permit Training (~1 hour):

- requirements of the new Stormwater General Permit
- details of your Stormwater Pollution Prevention Plan, including:
 - your facility's stormwater sampling requirements
 - your facility's stormwater inspection schedule
 - how to take a stormwater sample

Our training programs are specific to your facility.

Employee Training (~1 hour):

We can also train your staff on the SWPPP, fulfilling the annual employee training requirements in the Stormwater General Permit.

Registration information:

Contact us at 203-245-7744 to set up your training. All programs will be held at your facility, and can be customized to suit your specific needs.
